Copy of letter No 444-303 dated 26-7-47 from the Superintendent, Sri Jayachamarajendra Occupational Institute, Bangalore to the President, Municipal Council, Mansur

You are aware that this Institute was started by the Govt from the 1st August 1943 and has been training skilled personnel required for the various industries and also to equip our young men with the requisite knowledge to start small industrial units of their own in the moffussil The Institute has begun its fourth year of working and the total number of students now undergoing is about 700 coming from all parts of the state

The main objection with which the Institute was started being the industrial regeneration of the State as a whole, it is expected that all the Local Bodies such as District Boards and Municipalities would come to its aid in the fulfilment of its object by generous contributions in the shape of Scholarships to such of the students who have come from their respective districts and taluks It is gratifying to note that some of the District Boards and a few of the Municipalities have already come forward with their contributions I request that in view of the large number of students who are being trained in this Institute the local bodies may kindly be moved to extend their co-operation and offer a larger number of scholarships during the current year Expecting the favour of an early reply
